

# Ratchet Lashings and Tie Downs

**SUREFAST<sup>®</sup> RATCHET LASHINGS AND TIE DOWNS ARE USED WHERE STRONG REUSEABLE LOAD SECURING SYSTEMS ARE REQUIRED**

## THE BENEFITS OF SUREFAST<sup>®</sup> RATCHET LASHINGS

- > **Strength** – strong polyester straps
- > **Soft and pliable** – won't damage products – easy to apply as they conform to irregular surfaces
- > **Tough** – despite their softness they are very tough and effective
- > **Shock resistant** – will absorb high shock and maintain good tension
- > **Versatile** – can be used for a wide range of applications
- > **Simple to use** – requires no tools

See overleaf for products and specifications

## APPLICATIONS

- > **Industrial** – Strap down and secure loads on lorries, vans, trailers, containers and railwagons
- > **Offshore** – Secure loads in half-height containers
- > **Domestic/Commercial** – Secure loads in vehicles, on trailers, on roof racks, in boats etc

**Stainless Steel Ratchets**  
available on request
