

# Polyester Heavy Duty Woven Lashing System

**SUREFAST**<sup>®</sup> LASHING SYSTEMS ARE EXCELLENT FOR LASHING LOADS IN CONTAINERS, HALF-HEIGHTS, FLAT-RACKS, RAIL WAGONS AND SHIPS' HOLDS

## THE BENEFITS OF SUREFAST<sup>®</sup> LASHING STRAP

- > Safe and easier to apply than steel with a great deal more versatility and shock absorbency
- > Saves time and expense when compared with other methods i.e. steel banding, ratchet straps, wire, shoring/bracing with timber, welding etc
- > Easily dispensed from the bag
- > Simple to use – all that is required is the strap, buckles and the tool
- > Versatile – the continuous length which is contained in the bag enables the user to make-up straps to desired lengths, greatly reducing wastage of materials and time
- > Safer for the recipient to unfasten at destination
- > Easy disposal
- > DNV certification can be supplied

**THE SUREFAST<sup>®</sup> SYSTEM IS THE EASY WAY:  
YOU NEED JUST THE STRAP, BUCKLES AND TOOL**

## HEAVY DUTY STEEL SAFETY CUTTER (SF 1430)

This is a high quality steel safety cutter which will safely cut steel strap up to 35mm wide and 1.2mm thick.

This tool has built-in shock absorbers which allow steel strap to be cut safely in one easy stroke.

AVOID PROBLEMS  
WITH INJURY,  
CLAIMS, TIME OFF  
WORK ETC.
